

School Bus Fund Drive 2017-2018

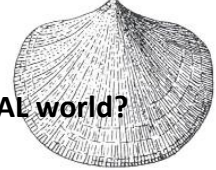

Both the Thacher Visitor Center and Nature Center are filled with ways to learn about the Park and the Natural World. From a Bat Cave to accurate displays, opportunities to learn are extended with guided walks and talks. Let a child take in the Natural World without distractions!

Last year you helped over 700 children see the Park

Would you consider a donation to put a child on a bus to see the REAL world?
